ATT: Mr. Walt Juergensen & Staff

Dear Walt:

We wanted to write to express our appreciation to you and your staff for a job well done in construction of our building. As you well know, the process, from beginning to end, is quite extensive. Your staff met with us repeatedly to guide us in this procedure. They told us what to expect; from all the political aspects, as well as what to do to be more economical, but still build the type of store we wanted. We had special circumstances that we needed to work with in regards to our timeframe. Your people were cooperative and diligently helped us to succeed with this project.

The entire staff at Aagaard Juergensen was cooperative, enthusiastic as well as persistent, they worked long and hard to help us reach our goals. That part of our building experience was a very pleasant one and we enjoyed working with your entire staff.

We would certainly recommend you to anyone who is planning to build. You have been dependable, honest and a pleasure to have worked with in this endeavor. Needless to say, we felt we made a positive decision in selecting your firm.

Thank you for all of your help and guidance. We wish you continued success in all your future projects.

Sincerely,

Fayge S. Cohen  
President
