ATTN: Randy Brooks

Dear Randy,

The Building Committee and I would like to thank you and your excellent team on the completion of our new building. From the design phase through construction, your team was there. When problems arose, they were there to solve the problems. We have been in the building about one year and it is very functional, for that is exactly what we wanted. Dave Engelman and Bob Cassavants did an excellent job and were very easy to work with. The weekly construction meeting was extremely helpful as well. We would highly recommend your company to anyone.

If anyone has questions, please feel free to give them my number. Once again, thank you!

Sincerely,

Samuel G. Walker  
Facilities Administrator
