Mr. Randy Brooks, Vice President
Agard-Juergensen, Inc.
Orlando, Florida

Dear Randy:

I want to express to you my personal appreciation and that of the Bahia members who interacted with you during the several phases of the construction of our new Temple.

There is little doubt that your skills and professional involvement from the planning through the warranty stages resulted in our building being completed in a satisfactory and timely fashion.

You are a credit to your profession and the firm you represent.

Yours truly,

Thomas E. Embree
