Dear Randy,

Please convey to Mike Moore, Scott Brooks and your entire team, the thanks of Metro West Church of the Nazarene. We commend Aagaard-Juergensen for their energetic and enthusiastic completion of our construction project.

The Worship Hall and Family Center are beautiful and we appreciate your attention to completing our project **AHEAD OF SCHEDULE** and **UNDER BUDGET**. We truly believe Aagaard-Juergensen consistently worked in the church's best interest. We felt you came to our rescue when we found ourselves disappointed with our original design-build firm. Your level of commitment has also been demonstrated by your post construction service and follow up. Thank you.

Your performance on this project provides Metro West Church of the Nazarene with a facility that will enhance our ability to minister to our community. We are proud to have had Aagaard-Juergensen as our design-build contractor. Thanks again.

Please feel free to use this project as a reference for your future clients. We pray Aagaard-Juergensen will enjoy continued success in the future.

Sincerely,

Alan R Dicer
Senior Pastor
