AAGAARD-JUERGENSEN

February 20, 2004

To Whom It May Concern:

It is without reservation that I recommend Aagaard-Juergensen Construction Company to you. We have just completed a \$2.3 million building project with them, and moved into our beautiful new worship facility on January 4, 2004. Each of the company's representatives we worked with throughout the project, always remained professional while maintaining a pleasant, friendly relationship. They went out of their way to be available whenever issues arose that we felt needed to be addressed.

Our primary contacts were Mike Moore and Matt Thomas. We had an excellent working relationship with both of these men, as well as Aagaard-Juergensen's other employees and sub-contractors. We really appreciated their creativity in problem-solving and overcoming difficulties. They offered innovative ideas and creative solutions, and were efficient and resourceful throughout the building process.

Recognizing that any building project includes difficult and stressful situations, things that don't go as planned, miscommunications, etc., we have been very pleased with the overall great working atmosphere each time we were at the job-site during construction, and as the final work is being completed.

The community's response to our new facility has been overwhelming. In our first two months of utilizing the facility, we have realized a 60% increase in attendance. Moreover, the community has expressed an appreciation for the quality and look of our new facility. Our expectations have been exceeded.

Please feel free to contact me if you have questions or need additional information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jon Dunwell".
