Mr. Walt Juergensen  
Aagard-Juergensen, Inc.  
5695 Beggs Road  
Orlando, Florida 32810

Dear Walt:

We wanted to take this opportunity to commend you on a job well done. As you are well aware, The Evans Group Corporate Headquarters located at 1001 North Orange Avenue, Orlando, Florida was certainly not a small challenge. The level of intricacy, detail and coordination on an architect's own building takes the very best contractor. That is why after many months of research we chose Aagard-Juergensen.

Our reward is an award winning building, which was remarkably built in just seven (7) months and under budget! We can only show our gratitude by recommending your firm and sending our clients to you. This will assure us of having a happy client with a beautiful, well-built structure. We want to take this opportunity to again thank you and everyone on your very professional team for a great new home for our firm.

Sincerely,

Donald F. Evans, AIA  
President
